"Superior design should be affordable and create a space that makes you smile."

Meet ABS:

Drawing on over 10 years of experience, Amy Beth Stadelman has earned an impressive reputation for her extraordinary home restyling, outstanding staging, and stunning event design.

Whether you are looking to infuse a modern twist into your treasured pieces or exploring an entire remodel, Amy will help identify the style that best reflects your personality and tell your unique story.

Her dedication to affordable design will ensure that recommendations meet your budget and exceed your expectations.

Connect with Styled by ABS to see where your design journey will take you!

SERVICES

Whether you need a quick refresh or full remodel, Styled by ABS has options to help keep your home on trend and on a budget.

- **Room Edits:** Start with a 60-minute session where you discuss all project areas, including room flow, paint, furniture, and decor. You may choose to bring the proposed edits to life on your own or move onto full design services.
- **Full Design Services:** Invite Styled by ABS back into your home to complete recommended changes. This includes the initial 60-minute consultation, room design boards, sourcing items, and returning to style the room.

Styled by ABS has an eye for modern updates to public spaces. We specialize in working with all budgets to revive key areas such as waiting, lounge, and conference areas.

Consult

Seeking a modern environment or maybe something more traditional? Perhaps you prefer to blend styles or just not sure what you would like. Regardless of where you stand, every consult begins with an online quiz designed to pinpoint your exact taste to create a space that is uniquely you.

Source

Using the quiz results, combined with photos and videos of your current space, a thoughtfully curated list of goods will be provided for in-store or online shopping. This may include furniture, art, or accessories tailored to match your style.

Style

Included with the source sheet is a design board making customized recommendations on how to complete the suggested style. You may decide to DIY your space or invite a stylist by ABS to return and complete the styling process.

Styled by ABS can elevate the appearance of your next event or intimate gathering. From cozy lounges to swanky bars, customized photo booths to stunning dessert stations, ABS's design plans are tailored to dazzle your guests and make it an affair to remember.
