“The Power of Three”

Propelling Dynamics Engagement [Into](#) the Future

Following the success of [DynamicsCon](#), Dynamics User Group (DUG) is thrilled to announce that Rich Beliveau, [Liz Hallen](#), and [Molly Fuchsel](#) will be leading the charge for our rapidly growing community. “The Power of Three” will continue to build valuable, free content through virtual learning and member connection opportunities.

You may recognize Rich, Liz, and Molly from the Microsoft user group community. Working alongside dedicated volunteers, “The Power of Three” will deploy their unique superpowers to further the DUG mission of offering fresh content, extended training, local gatherings, and a simple forum to connect with fellow product users – all at no cost!

[Don't](#) wait! Fly into the future by creating your [DUG](#) profile today!

What Does Community Mean to “The Power of Three”?

[Rich](#): “A diverse group of individuals contributing and sharing their expertise and differing opinions to promote fellowship and enhance professional skills for all.”

Check out [Rich's](#) heroic history!

[Liz](#): “Community is a group of people who whole heartedly believe in helping others and do so by coming together to lift each other up in [many different ways](#). A true community welcomes you with open arms, promotes each other skills and talents, and always has your back!”

Read about [Liz's](#) powerful past!

[Molly](#): “Community is connection. It is where you share experiences, [ask](#) and answer questions, and collectively work together towards a common good. A space where we can make new relationships and be social! The stronger the community the more accomplished goals.”

Learn about [Molly's](#) super skills!

###

Dynamics User Group (DUG) manages independent communities for Microsoft Dynamics 365, Dynamics GP, and Power Platform products. Geared towards daily users of Dynamics 365, DUG offers users the opportunity to connect in-person or virtually, at no cost to the user. Members include IT professionals, consultants, programmers, partners, freelancers, students, and more. To sign up for your free membership visit <https://dynamicsuser.net/>.
